The President,

Dear Mr. President:

I am getting information for the purpose of presenting to the Legislature the financial condition of the University of Toronto. Would you be kind enough to send me information as to the total expenditure of the University of Michigan during the present year, what your sources of revenue are, how much comes from the State of Michigan, what you spend on buildings, and the number of students registered in the different faculties? I hope I am not putting you to undue inconvenience.

With kind regards, I am,

Yours sincerely,

President.

My dear President Falconer:--

I have yours of February 6th in which you ask about the income and expenditures of the University of Michigan. I have referred your letter to Secretary Shirley W. Smith, our business manager. You will hear from him in the near future.

I send, under separate cover, a copy of the Calendar of the University published last year, from which you can learn as to the number of students registered in the different departments.

Very sincerely yours,
